

THANK YOU

Dear Kanae,

There are so many things to say...
I have been in New York for 6 years now,
and 5 of those I have known you.
You are such an integral part of what
this experience in the city has been.
You have made the biggest influence
on the 18 year old girl that I used to be.
You are such a steady and comforting
presence and you have been an
invaluable asset to my life.

Your kindness shines through everything you
do and it is with no surprise that
everyone who comes in contact with you
leaves a better person.

You are so incredibly loved and I will
always look up to you as a great example
of musicality and discipline, but most
importantly a great great woman!

This will not be Adieu, but
auf wiedersehen!

Love Charlotte Johans
